

Creating a Start-Up or Test Marketing Website

In response to requests from start-up clients and existing businesses for our support in their setting up simple start-up websites and test marketing websites we have researched and are now offering the following at the Enterprise Agency:

Mr Site™ Everything you need to get a professional website online

Select Country: Select... Home | Features | Sample Sites | Buy | News | Press | Contact | Members

Mr Site Standard
Everything you need to get the website you want online...
And its seriously easy to use.

The award winning Takeaway Website gives you everything you need to get a professionally designed dot com website online eg. www.yourname.com.

It doesn't matter if it's a website for your business, your local art club or even your sister's wedding photos, you can create it. It's all in the box, it's jargon free and seriously easy to use.

Created by leading UK Web Designers, select a professional website design from the hundreds available, easily customise and make it unique. Drop in your own pictures, text, logos, music and videos and you're done.

Keep in touch
20 email addresses
(e.g. you@yourdomain.com)

includes your own
dot com
Secure
your name on the
Internet

Do it yourself for £24.99

You can buy Mr Site directly from the developer for £34.99, however, we can sell it to you for just **£24.99**. The Takeaway Website gives you everything you need to get a professionally designed dot com website online eg. www.yourname.com. Renew in a year if you want to with no hidden costs, renewal fee is currently **£2.90** a month.

Mr Site is a browser based application, so you have total control to update your website via the internet.

If you'd like us to help you set up the site, we can do so at the following cost:

- **Website set up, design & structure** £40 per hour
- **Content publishing - text, images video**
@ £40 per hour
- **E commerce**
Set up @ £40 per hour
Content Publishing @ 10 products per hour £40

So a basic website would cost £250 including Mr Site + VAT

An online shop with up to 20 products would cost £350 including Mr Site + VAT
